Hello! I'm a determined A/L Commerce student currently awaiting my results, with a laser-focused goal: to become a Chartered Accountant (CA)

. While I may not have formal qualifications yet, I've built a solid foundation in basic accounting principles, financial management, and business studies through my academic journey. Now, I'm ready to roll up my sleeves, gain hands-on experience, and take my first bold steps toward professional excellence.

### What's Next?

# AAT Qualification: I'm preparing to enroll in the Association of Accounting Technicians (AAT) program to sharpen my technical skills and bridge theory with practice.

### Why Hire Me?

# Proactive Learner: I thrive in dynamic environments where I can absorb knowledge, ask questions, and grow.

# Basic Accounting Proficiency: From bookkeeping to financial statements, I can handle fundamental tasks with accuracy and enthusiasm.

# Resilient & Adaptable: Waiting for results hasn't slowed me down—I'm using this time to upskill, network, and prepare for real-world challenges.

### I'm Seeking
